3,06 €

Set of professional
tools for opening
smartphones and
tablets

18,97 €

Smartphones and PC
repair tool case

35,92 €

Step 1 - Remove back cover

We start by removing the back cover. For this we can use an opening tool or directly with the hands.

Step 2 - Remove intermediate housing

We remove the fifteen Phillips screws (PH # 00) that hold the intermediate housing and then unlock it by prying it with an opening tool.

Step 3 - Front camera

We can now disconnect the camera from the motherboard.
