Click on a tool for visit the website.

Set of 5 metal picks
for opening

3,09 €

SIM card removal
tool for all brands

1,61 €

PINZAS PUNTAS
CURVAS
PROFESIONAL

4,98 €

Step 1 - Tray

To begin, we extract the tray of the cards.

Step 2 - Back case

We remove the two Pentalobe screws (TS1) and with the help of a fine tine we uncouple all edges of the case.

Step 3 - Side push buttons

We disconnect the flex from the side buttons and we will detach it from the chassis with the help of a fine clip.
